To hold any of the above sanctioned product Theatre, your company must be at Level III or higher. Your application does not guarantee approval because all spots are filled on a first-come, first-served central time basis. Each company may only hold ONE event, including affiliated companies. It is the SPT company's responsibility to arrange a venue and cover all event expenditures, such as food, AV, speakers, and so on.

MARSHAL Sponsorship Only - Applications will be accepted starting **June 9th**, CST. To indicate that you are displaying at the Marshal level, you must submit an exhibit application along with your SPT application. If your company is unable to sponsor at the Marshal level, your SPT time slot will be allocated to the next available company, and your company will be moved to the bottom of the list. If any sanctioned product theaters are available, you will be assigned one of the remaining time slots.

RANGER and SHERIFF Level Sponsorships – Applications will be accepted starting **June 16th** CST. If you submit your SPT application prior to **June 16th** it will not be accepted and will jeopardize your chances of receiving a SPT time slot. Once we receive your application, we will respond via email the following day.
